

... the NEW ORDER!

The NEW ORDER is a unique and unusual concept.

It is a National Socialist vanguard organization that is simultaneously a revolutionary *idea*, a spiritual *faith* and a great historic *movement*.

The program of the NEW ORDER is summarized in its name. Our goal is nothing less than a whole new dispensation on Earth – a regenerate *New Order* – to replace the present Old Order, which stands for everything corrupt, decadent, degenerate, unnatural and diseased in this world.

As its antithesis, the New Order, represents a call for a great awakening in the spirit of our Race, a rebirth of natural values in human affairs, and for nothing less than a whole new way of life, a whole new folk, a whole new culture, and a new type of man.

As a complete worldview, the NEW ORDER addresses its value system to every aspect of life and existence. It is based on three idealistic principles, that of *Nature*, that of *Race*, and that of *Personality*.

Natural Idealism. We believe in the ultimate reality, sovereignty and authority of the Natural Order, representing the sum of all existence in the Universe in which we live.

Racial Idealism. We believe in the ultimate sanctity of White (or *Aryan*) blood, and in the necessity for upward evolution of life toward a higher state.

Personal Idealism. We believe in the ultimate uniqueness of the personal value of each member of the Aryan race. Beyond that, we recognize the author of the National Socialist worldview, Adolf Hitler, as an extraordinary personality, unique in the history of our Race in modern times. He was a manifestation of our racial soul and an incarnation of the Will of Nature – of that great and mysterious Force immanent throughout all time and space, and which rules and dominates the Universe.

To all of these, we accord our most profound and unconditional reverence and respect.

As a Movement, the NEW ORDER is a great community of Aryan men and women dedicated to the National Socialist struggle for a better race and a better world. It is a racial community of *faith*, of *comradeship* and of *action*.

A Community of Faith. We are first of all a spiritual community, a community of belief representing the most sacred Cause of all time – a Cause consecrated by the blood sacrifice of tens of thousands of heroes and martyrs as well as that of the author of the faith himself. It is the first task of this community to furnish the spiritual foundations for the coming New Order and for a great new age on Earth.

A Racial Community. In our ranks are Aryan men and women of all ages, occupations and social classes, and from many different European backgrounds. We represent the nucleus of the greater racial community that will encompass the entirety of our Folk, following the ultimate National Socialist victory.

A Community of Comradeship. We are a social community of National Socialist comradeship and shared experience. We come together privately in formal ceremonies, services and celebrations, as well as through a program of varied cultural and recreational activity. We seek to forge a strong and enduring bond of personal fellowship among all adherents of the Movement.

A Community of Struggle. Ultimately, we are a community of struggle, activism and involvement. Our commitment to our convictions is not expressed through monastic retreat from the real world but rather through actively working to build a better one. For us, National Socialism is not a label; it is a *moral commitment* to fight for the ideals that we profess. In our public outreach, we address ourselves to issues of vital concern to our Race and our world. These issues include: the invasion of Aryan lands through non-White immigration; the alien domination and exploitation of our society; the dangers of dysgenic wars and dysgenic breeding; threats to the natural environment; and the struggle for basic social and economic justice. We take up the fight against all dangers that menace our Race.

We should note that the NEW ORDER is not a political organization in the sense that it engages in election campaigns and lobbying on behalf of partisan legislation. Our activity is concerned rather with demonstrating our convictions, disseminating National Socialist ideals, with raising the awareness level within the White community, and with kindling the flames of a burning idealism within the hearts and minds of our racial brothers and sisters.

A NEW VISION • A NEW FAITH • A NEW WILL • A NEW WORLD
